'

Summary

Crafting supportive and engaging learning environment comes naturally. Utilising strong communication skills and patience, I excel in simplifying complex concepts, fostering curiosity, and encouraging analytical thinking. With knack for problem-solving and collaborative approach, I seamlessly integrate technology and innovative teaching methods to inspire students.

Experience

Front-End Junior Developer

Sand Tech | Kigali | June 2024 - January 2025

- Designed responsive web pages using HTML, CSS, and JavaScript, improving site accessibility.
- Collaborated with senior developers to troubleshoot code errors and optimise performance.
- Assisted in developing mobile applications for iOS and Android, broadening product reach.

UX/UI Designer

Design Match - Remote | April 2023 - December 2023

- Facilitated workshops and training sessions on design thinking and usercentred design principles, fostering a culture of innovation within the team.
- Developed wireframes, prototypes, and high-fidelity mockups to effectively communicate design ideas and facilitate iterative feedback.
- Provided expert guidance on the latest UI trends, techniques, and technologies to keep the design team ahead of the curve.

Computer Science Teacher Assistant- Internship

Excella School | Kigali, Gasabo | September 2022 - April 2023

- Assessed student progress through regular assignments, tests, and feedback sessions, adjusting teaching strategies to meet individual learning needs.
- Engaged students in practical uses of Computer Science, building subject enthusiasm and understanding.
- Promoted teamwork and problem-solving skills through group projects, preparing students for future collaborative work environments.
